

Legal services for businesses in France and abroad

D2K is a flexible team of lawyers with multicultural profiles and a strong entrepreneurial culture, offering tailor-made legal solutions to companies in France and abroad.

IN FRANCE

As French company law experts, we assist French and foreign companies to realise their strategic choices in a legally compliant manner. We provide reliable value-adding legal and tax solutions which are tailored to today's French market. We make our network of professional contacts in France available to our clients.

→ In France

OUR LAWYERS

Our lawyers all have legal experience in both companies and top law firms. They will facilitate your understanding of the French market and utilise the French legal system as a tool to develop your business in France. Both multicultural and multilingual, they have a greater understanding of foreign clients. At D2K our lawyers all have cross-cultural expertise internationally, including in Germany, Italy, Poland, Canada, Korea and Africa.

→ Our Lawyers

INTERNATIONALLY

Internationally, we support companies wishing to expand through exports or overseas establishment. Our strength is our bicultural approach to the target country. We enable you to rapidly appropriate the local culture, contacts and key legal instruments central to international success. Target countries: France, Germany, Italy, Poland, Canada, Korea and Africa.

→ Internationally

OUR COMMITMENT

Our commitment, our pricing and our legal solutions are designed to best meet the needs of our clients. As we are lawyers with the French bar, you will benefit from professional guarantees provided through our training in ethics and as company legal advisors, including civil liability insurance. With D2K you are equipping your business with a dedicated legal outsourcing service.

→ Our Values

With D2K you can make law a tool which can work to your business's advantage.

IN FRANCE : LAW AS AN ASSET FOR YOUR BUSINESS

When your business lawyer is also an experienced in-house lawyer, the law becomes a key factor in the development of your business.

At each stage of the company's life, our goal is to use French law to your advantage, such that it then becomes a real asset to you, rather than a constraint.

CREATION

When setting up in France, you can focus all of your efforts on your core business and trust us to guide you, providing you concisely with the advantages and disadvantages of the possible legal and tax forms (association, foundation, EIG, limited company (SARL, SAS, SA), etc.) available to you and ensuring optimised legal and tax planning for your project.

DEVELOPMENT

Negotiating, drafting and securing legal compliance: our role is to provide the legal answer to the questions of business people. All areas of French company law are exploited in order to identify optimised solutions. We make our network of professional contacts in France available to you. We are your trusted point of contact to coordinate the professionals supporting you in developing your business in France.

RESTRUCTURING

Restructuring, mergers, acquisitions, joint ventures, alliances, transfers, bankruptcy proceedings... For a successful outcome at every step of your journey, we offer our advice and access to our French network in order to identify the legal solution which will optimise the business, tax and labour consequences for you. The essential French cultural aspect is always explained to our overseas clients in order to build a successful business strategy in France.

LITIGATION

A lawyer needs litigation experience to write the best contracts. In addition to representing you in disputes before the courts, D2K lawyers will be at your side to prevent and manage litigation in your best interests, offering support and advice through any such difficult times. We can also offer alternative solutions, such as mediation, conciliation and arbitration.
